

Let's RSVP for a worthy cause.

"Las Vegas, AMVIV 2005 Kick Off Dinner"

Help us cure autism by supporting CAN (CureAutismNow.org)

The AMVIV2005 Kick Off Dinner is being hosted by c3 (Cooper Club for Charities in Los Angeles, California) as a fundraiser for supporting children in need.

c3 has now taken the CAN do attitude towards raising awareness for Autism!

Autism is a growing epidemic:

- In 1994, 1 in 2,500 children were affected by autism
- In 1999, the stats were 1 in 500
- In 2004, the numbers have risen to 1 in 166 children.

"The fully air-conditioned Biergarten (beer garden) seats up to 430 people. You will be fascinated by a unique "Biergartenkultur" (beer garden culture), with large trees and the everlasting white-blue Bavarian sky. The Biergarten is also the perfect setting for private gatherings, special events as well as conferences. Our Bavarian chefs will prepare excellent German food for you in the traditional style."

After three years of planning and hard work the vision turned into reality. They decided to create an authentic replica of the Munich Hofbräuhaus that was originally commissioned in 1589 by King William V.

LOCATION:
4510 Paradise Rd
Las Vegas, NV 89109

DATE: Friday, March 4th, 2005
